CORE PRINCIPALS

Our Values

We will know and value each child and look for the best in them

We will value and respect each member of the school community and everyone will be encouraged to take responsibility, to make a contribution and to reach the fullest potential.

The core values of integrity, trust, care, tolerance and forgiveness will spread across all aspects of school life.

We will be an open, responsive and caring school with clear lines of communication.

We will have high expectations for ourselves and each other.

The school will be at the heart of the local community.

Teaching and Learning

We will ensure every learner finds and experiences success.

We will be an inclusive environment where the learning needs of an individual are recognised.

We will make learning vivid, exciting and real. We will strive to ensure that the whole school is an excellent learning environment that excites, inspires and celebrates achievement and effort.

There will be a broad curriculum that allows learners to make links, to make choices and take responsibility of their learning.

Our School

We will work together to create an inclusive, creative, happy, healthy and safe learning community in which children's natural enthusiasm, curiosity and enjoyment in learning will be nurtured and where children will be inspired to think BIG!
