

The B.I.G Group (Bullying Intervention Group)

The B.I.G group is a collaboration of pupils (from year 3-6) and staff that work together to raise awareness and support the school in the prevention of bullying. The group raise awareness of types of bullying and the effects it may have through whole-school assemblies, posters and self-promotion of the group. Within the playground, B.I.G members support other children if they have had a disagreement or have a worry and they need a friend to talk to. The group have also implemented a worry box if children need further support or help. The B.I.G group have all had training in how to help with 'fallings out' and know where to go when they need further support.
