

## Limes Farm Junior School Sport Premium Statement

### Plans for the use of the Sport Premium in 2019/20

The school has been allocated £17,801 for 2019-20 and this money was provided in addition to the main school budget. The Sport Premium funding is ring fenced to provide greater opportunity for children specifically in Health, Physical Education, and Sport Media and Culture. We at Limes Farm Junior School want to ensure students are prioritised and should have every opportunity to attain well and to reach their full potential. It has been expressed through the government that the funding be used in methods which create sustainable education and investment in the schools workforce.

Below is a summary of our impact statement for each key area of improvement for 2019-2020 to date:

How sports premium funding is targeted to improve outcomes for pupils.	Sports Premium allocated	Impact
West Essex Schools Sports Partnership- Davenant Foundation  Forest Schools sport subscription	£1200	Up to school closure in March 2020, <ul style="list-style-type: none"> <li>• all our pupils participated in additional sporting activity in school as a result of our membership of the sports partnership, in the form of external sports coaching.</li> <li>• 70% pupils participated in school clubs and activities inside school.</li> <li>• 40% pupils participated in sporting competitions outside of school and beyond. They participated in a Rugby Festival for Year 4, Athletics for Year 3/4 and Year 5/6, ‘Boccia and Kurling’ for our SEND pupils, Tag Rugby competitions for Year 5 and 6, Athletics for Year 5/6.</li> </ul>
Specialist PE teacher	£12, 920	Pupils understanding and application in specialised areas of PE such as gymnastics and dance increased showing a higher degree of PE ability.
Increased Sports led coaching-  boxing and circuit training	£3118	48 pupils across year 4-6 participated in the programme to increase their healthy lifestyle, fitness, choices and self-esteem. <ul style="list-style-type: none"> <li>• 90% of pupils resulted in increased attendance at school</li> <li>• 100% improved behaviour (where this was a focus in some groups)</li> </ul>

		<ul style="list-style-type: none"> <li>• 100% demonstrated effective team skills</li> </ul>
Lunchtime-alternative sporting activities	£563	Lower and upper school pupils increased their experiences in a range of outdoor activities and worked together as a team.

#### ALLOCATION OF SPORTS' PREMIUM GRANT (2020/21)

Though we are a small school, we intend to continue giving a greater level of provision for our children to participate in after-school (and before school and lunchtime) clubs, involving other professionals such as the Red Balloon Company to assist us in offering a greater variety of sporting activities for our pupils to take part in.

We intend to use a nominated amount of our Sports Grant to create an astro turf/multi-purpose area that can be utilised throughout the year by a variety of clubs and PE as we are limited in outdoor space. This will allow for more pupils to engage in sporting activities. Reflective of the quotes received, this will mean that Sports Grant funding will need to be saved for up to 3 years in order to subsidise the cost for this.

As Covid-19 restrictions are lifted, we will continue to attend competitions organised by the West Essex School Sports' Partnership, as this gives a wider range of pupils, which include our gifted and talented and SEND pupils, the opportunities to compete with others.
